Pickup Pod™

Models: MPP-8I

Hatco's Pickup Pod™, propelled by Minnow™, helps automate customer and delivery pickups. A self-service, touchless pickup solution that reduces lobby/dining area congestion, eliminates pickup mistakes, reduces labor costs, and improves the takeout experience for all. Customers and delivery people simply access their reserved cubbies by scanning the QR code or using the embedded link sent via SMS. All without waiting in line or needing to ask for help from front of house staff. And unlike unsecure tables, The Hatco Pickup Pod keeps food fresh and secure until it's ready to be picked up.

Standard features

- Pickup Pod offers customers and delivery workers a touchless experience via their own devices with QR code and SMS messaging.

- Touchless interface prevents spreading of germs

- Energy-saving 5000K LED cubby lighting showcases food

- Ambient, individually insulated cubbies

- Configurable pick-up times help ensure food safety

- Antimicrobial surfaces inhibit the growth of bacteria mold and mildew

- Each cubby is a spacious 13.7" W x 14.5" D x 15" H (348 x 368 x 380 mm)

- Plugs into a standard 120V outlet

- Includes wall mounting bracket to keep unit stable

- Connects via Cellular, WiFi, or CAT-5/6

- ADA compliant

- Customer notification sent via SMS Messaging or other methods via POS or App integrations (by others)

- Lily Pad base with adjustable feet is available to help stabilize units that cannot be fastened to the wall. Can be used in lieu of wall mounting brackets^

NOTE: SaaS (software as a service) fees are required for each unit. Contact factory for subscription fee options.

SaaS fees enables cloud connectivity, user interface and data analytics.

NOTE: Hatco Pickup Pod does not require a customer mobile app or needs to be integrated with a POS. Works with any delivery service. Toast and Square integration is available.

Options (available at time of purchase only)

Designer Colors –
Non-standard colors are non-returnable – Charcoal standard –
☐ Bronze

Accessories

☐ MPP-PAD2-57 (Charcoal) - 37.5" H x 25.5" W Lily Pad with adjustable feet to stabilize free-standing units. Can only be used in lieu of wall mounting hardware. ^

☐ MPP-PAD2-58 (Bronze) - 37.5" H x 25.5" W Lily Pad with adjustable feet to stabilize free-standing units. Can only be used in lieu of wall mounting hardware. ^

^Not UL approved component. In order to satisfy UL safety standards, the MPP-8I must be secured to a wall. The Lilypad may be used for stabilization in a freestanding installation, however, it will not satisfy the UL standard for safety in lieu of securing it to a wall. Please contact us if you have any questions.
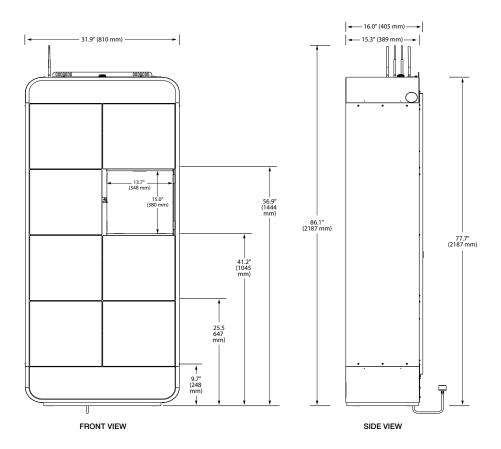

■IFS anti-microbial coatings use naturally-occurring, environmentally sustainable, silver ions to help inhibit the growth of microbes on the powder coated surface. See www.hatcocorp.com/antimicrobial-paint for more information.

For operation, location and safety information, please refer to the Installation and Operating Manual.
