

# HATCO® CORPORATION PRODUCT RELEASE

## Refrigerated Slim Drop-In Wells Offer Supreme & Accessible Functionality

Retain optimum freshness and taste of your pre-chilled food offerings with the new Refrigerated Slim Drop-In Wells from Hatco®. Able to accommodate 1 to 4 full-size food pans, the pans are placed in a lengthwise, narrow grouping in the Refrigerated Slim Drop-In Well, allowing customers to have an easy reach to the food products. The CWB-S features an assortment of benefits for foodservice operations including: a unique top angled bezel design for cold air to effectively blanket the food inside the well to keep it at safe-serving temperatures; an adjustable condensing unit; optimal and environmentally-friendly insulation to ensure better cold retention; auto-defrost; a 1" NPT drain to simplify cleaning; and an electronic control.
