## **HATCO® CORPORATION NEWS RELEASE**

### **Hatco Rapide Cuisine® Heavy-Duty Induction Ranges Provide Extra Toughness**

Milwaukee, WI (Jan. 5, 2017) – Hatco® Corporation is adding the Rapide Cuisine® Countertop Heavy-Duty Induction Range to its line of induction ranges for operators that need a unit to withstand more demanding cooking environments.

Along with its Magnetic Power System (MPS) that delivers the highest power of any induction range out there, the heavy-duty Rapide Cuisine features extra side impact protection, a scratch-hiding cooktop surface for rigorous kitchen use and a durable, patterned black ceramic glass top that is fully sealed with conformal coated boards for extra protection against grease and moisture.

Other standard features on the IRNG-HC1 models include: an energy-saving automatic shut-off to prevent overheating; Pan Sense Technology (PST) and compatible pan detection; and a high resolution TFT display that indicates precise power and time control.

The Rapide Cuisine Countertop Heavy-Duty Induction Range also has a large control knob that is adaptive and adjusts to user input, as well as a USB port for downloading system updates.

For additional information on Hatco Rapide Cuisine® Countertop Heavy-Duty Induction Ranges and other equipment, contact your Hatco sales representative or visit the Hatco website at <http://www.hatcocorp.com>.

###

From the corporate offices in Milwaukee to the state-of-the-art manufacturing facility in Sturgeon Bay, Wis., Hatco Corporation is a proud employee-owned company. Hatco has a history of over 65 years of excellence in the quality design, production and servicing of warming, toasting, holding, cooking and cooling equipment. Today, Hatco has the versatile and innovative Drop-In Hot/Cold Wells and Hot/Cold Built-In Shelves, incorporating the legendary Hatco quality of warming and cooling into one unit.
