Hatco® Corporation Awarded Well Workplace Gold Award by the Wellness Council of America

Hatco is recognized as one of America's healthiest companies

Milwaukee, WI (June 1, 2017) - Hatco® Corporation, a 100% employee-owned manufacturer with locations in Milwaukee and Sturgeon Bay, Wis., was awarded the Well Workplace Gold Award by the Wellness Council of America (WELCOA) for 2017.

The Well Workplace Award recognizes an organization for its commitment to the health and well-being of its employees. Candidates for the award must submit a rigorous application meeting WELCOA's seven benchmarks to a result-oriented healthy workplace. WELCOA then reviews the application and awards points based on how well the company does in each benchmark for workplace wellness, with the potential to reach the bronze, silver, gold or platinum level.

Hatco scored an impressive 176 out of 180 possible points, thanks to the company's Heating Up Health (HUH) committees, on-site exercise classes, weight loss challenges, on-site health and wellness clinics, various reimbursements for making healthy decisions and more. Hatco previously won the award at the gold level in 2014.

Congratulations to the employees of Hatco Corporation on this well-deserved honor.
