## Keep Your Dishes and Food Hot With Hatco®'s Plate Warmer

**Milwaukee, WI – May 19, 2022** – Hatco® Corporation's Plate Warmer is an ideal solution for serving stations to hold easily accessible pre-heated serving plates, as serving hot food on pre-heated plates helps extend the holding times of most foods.

Hatco® Plate Warmer

Model **PWC-12** in optional  
*Designer Black*

The plate warmer's convenient doorless, open design utilizes a heated air curtain system and allows for easy retrieval, loading and cleaning.

The warmer can hold 25 plates up to 12" (305 mm) in diameter and features a power On/Off switch, a covered digital temperature control with an adjustable range of 104°F to 122°F (40°C to 50°C), and energy efficient LED lighting that illuminates the interior from the top.

The plate warmers have the ability to be daisy-chained with up to three units to hold multiple stacks of plates. Models are available as countertop, built-in or wall-mounted to fit any operation's needs and space and are available in standard Stainless Steel or optional *Designer Black* to match the décor.

For additional information on Hatco Plate Warmers and other equipment, contact your Hatco sales representative or visit the Hatco website at <https://www.hatcocorp.com>.
