Convected Drawer Warmer

Model: CDW-3N

Designed to keep a variety of food products hot and flavor-fresh and crisp until served. These non-humidified, single cavity/single-temperature controlled units provide even, dry heat for food products that do not require humidity.

Standard features

- Low velocity convected air system provides even temperature throughout the cabinet
- 12-gauge stainless steel slides, and heavy-duty hardware
- Digital electronic controller for easy programming and temperature accuracy
- Tough, solid chrome handles are angled to avoid glances from passing carts
- Includes One 6" (152 mm) deep food pan per drawer, low profile 2" (51 mm) casters and 6' (1829 mm) cord and plug
- Narrow width fits most kitchen footprints
- Heavy-duty drawer slides with nylon rollers
- Each drawer fits a standard 12.75"W x 20.75"D x 2.5", 4", or 6"H (324 x 527 x 64, 102, 152 mm) food pan or 12.75"W x 20.75"D x 6"H (324 x 527 x 152 mm) perforated food pan
- Uses 120 volts with no special wiring resulting in efficient operating costs
- Completely insulated single cavity provides maximum energy efficiency
- Freestanding unit comes with a 6' (1829 mm) cord
- Two-year parts warranty on heating elements, drawer rollers and slides
