## Heated Zone Merchandisers

Models: HZMH-24, -30, -36, -42, -48, -54, -60  
HZMH-24D, -30D, -36D, -42D, -48D, -54D, -60D  
HZMS-24, -30, -36, -42, -48, -54, -60  
HZMS-24D, -30D, -36D, -42D, -48D, -54D, -60D

Hatco's energy-efficient Heated Zone Merchandisers safely holds hot packaged food in a smartly designed display that attracts customers. Energy costs are reduced by utilizing Spot-On® Technology - instant-on overhead elements that are off until a food product is placed on the shelf, compared to other heated merchandisers that stay on full power 100% of the time. Each shelf has multiple heat zones for maximum efficiency. Due to the intensity of the overhead heating elements, Hatco recommends food packaging that can withstand high temperatures. This warmer offers the convenience of self-serve and the efficiency of kitchen-to-server holding.

red LED accent  
lighting in support  
posts

## Standard features

- Spot-On® Technology turns overhead heat on only when product is present in that zone. Base heat goes from energy saving mode to the temperature you can set
- Fast action ribbon elements will be up to temperature in less than 10 seconds
- LCD display scans and displays the various zone settings
- Hinged glass side panels swing out for easy cleaning
- Channel dividers are held in place by magnets, giving the unit more heated surface
- Standard units shipped with: an LCD controller, LED lighting above each shelf, product divider rods, hinged glass side panels, a 6' (1829 mm) cord and plug and comes standard in Designer Black

## Options (available at time of purchase only)

### Designer Colors

- Non-standard colors are non-returnable – Black standard
- Warm Red
  - Gray Granite
  - White Granite
  - Navy Blue
  - Hunter Green
  - Antique Copper

- Red LED accent lighting in support posts

### Wire Guards – single shelf units (not available for export)

- 24 model
- 30, 36, 42 or 48 models
- 54 or 60 models

### Wire Guards – dual shelf units (not available for export)

- 24D model
- 30D, 36D, 42D or 48D models
- 54D or 60D models

- Indicating Temperature Control (LED) on single shelf, HXM models only

- Indicating Temperature Control (LED) on dual shelf, HXM models only

- 5" (127 mm) Sneeze Guards – Not compatible with optional Flip-Up Doors in same opening (customer side only)

- Plexi-Glass Flip-Up Doors – Not compatible with optional Sneeze Guards in same opening (one side only)

## Accessories

- Additional Stainless Steel Divider Rods

IFS anti-microbial coatings use naturally-occurring, environmentally sustainable, silver ions to help inhibit the growth of microbes on the powder coated surface. See [www.hatcocorp.com/antimicrobial-paint](http://www.hatcocorp.com/antimicrobial-paint) for more information.

For operation, location and safety information, please refer to the Installation and Operating Manual.
