Optional Dekton® Ultracompact Stone Surfaces for Hot/Cold Built-In Simulated Stone Shelves

Hatco's HCSSBR and HCSSBX Hot/Cold Built-In Simulated Stone Shelves not only easily transition between heated and cold shelves, but now include Dekton® stone as an optional surface. The optional Dekton surface comes in three stone colors: Domoos, Rem and Soke*.

Dekton® is a sophisticated mixture of over twenty minerals extracted from nature, resistant to scratches and impact. Dekton® stone can withstand abrasion better than granite or porcelain. The sintering and compression techniques used to manufacture Dekton® make it completely non-porous and resistant to water and stains, which can be removed easily with standard cleaning products.

* Due to the natural texture, patterns will vary.

- A carbon neutral product
- Abrasion, impact, scratch and heat resistant
- Contains a non-porous surface, making it water and stain resistant
- Available in Rem, Soke and Domoos

Glass-Ceramic Colors –

BLACKGLASS	Black Glass-Ceramic Top	No Charge
WHITEGLASS	White Glass-Ceramic Top	No Charge

NOTE: The HCSSBR-4818 and HCSSBX-4818 models with the glass-ceramic top surface option will be made with two pieces of glass-ceramic, and will have a 1/8" seam in the middle where the sections of glass meet (shown in images above). All other sized units will have surfaces that consist of a single piece of glass-ceramic.

NOTICE: Effective January 1, 2025, the HCSSB Hot/Cold Built-In Simulated Stone Shelves are no longer available. For inquiries or to explore alternative equipment solutions, please contact our Customer Service Team at support@hatcocorp.com.

HCSSBR and HCSSBX models are still available.

Panini Grill

The Hatco® Panini Grill will help expand your menu and your sales. Available with a grooved, flat or combination of both surfaces to accomodate all of your grilling needs. Perfect for making anything from sandwiches and quesadillas to chicken and steak. Basically anything that can be grilled can be done right on your countertop without having to have a dedicated grill space. Digital control for both time and temperature help lend to the ease of use. A great addition to any kitchen set up.

- Adjustable time/temperature controls enable operators to cook continuous, consistent quality products
- Exclusive heating elements provide exceptional heat distribution throughout the entire cooking plate, ensuring even cooking of each product
- Compact design is suitable for any location and stainless steel frame provides durability and easy cleaning
- Comes with a scraper and removable crumb tray for easy clean up between uses
- Can use on products up to 3" thick
- Maximum temperature of 500°
- Comes with a scraper and removable grease trough for easy clean up between uses
- Convenient handles on either side of unit make it easy to move from one location to another
